

**Huron Valley Numismatic Society
June 9, 2010**

We had 16 members attend this meeting with guest, Mike Sandegger, and speaker Joe LeBlanc and his wife, Lisa. We have one new member, Barb Twomey.

It was another fun meeting with Joe who spoke on Treasure Hunting. He brought some of his "treasures", showed us how to use the treasure hunting machines and gave us the whys and wherefores of treasure hunting. A gift basket was presented to him for his presentation.

Our auction netted the club \$25.40 with some higher priced coins being auctioned off. We also received \$20 for advertising on our banner by Konica.

Ken Glover suggested making Ray Dillard an honorary member of our club since he is assisting with the Highland elongated coin. Mike Howard seconded the motion and it was unanimously approved. Ray will be invited to our July meeting. Ken Glover's wife will make a certificate. Do something nice for her, Ken!

Three members invested \$100 each for the Highland 175 anniversary elongated project and will receive their money back once the coins are sold. The club will get all revenues once the initial investment is repaid. It will take approximately 6 weeks for this project to come to the point of being ready to sell.

July 17th the library is having another of their hobby presentations. We have enough flyers and coins for this event. Mike Howard and Guenter Loepertz volunteered to represent our club.

Our grading project was Buffalo Nickels. I think we all feel that grading is an art that will take us some time to perfect!

Our website is getting a lot of hits. Thank you, Jim Motley for all your help!

Two members of our club are running for Michigan State Numismatic Society board – Vince Tremain and Chuck Sharpe. If you are a member of MSNS, make sure you vote. It would be prestigious to have two club members on the board!

**Darlene Sharpe
Secretary/Treasurer**
