

**Huron Valley Numismatic Society
August 11, 2010**

The meeting was called to order at 7:00 PM. There were 16 members present. Later two more potential members arrived, were given applications and they plan to be back next month.

Michigan Masters Numismatics spoke about their slabbing procedures, policies, prices and new technology. They are located in Waterford, MI and are looking for a store front so collectors can drop off and pick up slabbed coins.

The auction earned \$36 thanks to two coins being donated by MMNS. A motion was made by Sharpe, seconded and unanimously approved that HVNS auction seller's commission will be 10% up to \$19.99 and \$1 per lot thereafter.

HVNS bank balance is \$848 plus the \$36 August auction and \$25 petty cash brings the total to \$909.

We graded Lincoln cents. Members having question about coins they have can bring them to meetings and have them graded with a limit of 2 per meeting.

Still no information about our sponsoring the Michigan State Numismatic Society spring show.

Mike Bovio and Chuck Sharpe will begin publicizing our November show and get dealers to sign up to attend.
