Mike H. – LIBRARY APPRAISAL NITE UPDATE

There were a total of 29 coin appraisals performed that evening. Very rewarding experience and recommends that HVNS performs more of these at other libraries in the area. The advertising of “no purchase offers will be made” was the key to bringing in residents to have their coins appraised.

Al R. – MILFORD LIBRARY DISPLAYS/MEMBERSHIP DEVELOPMENT

His coin display is being replaced with his latest project. The new project will be based on comic book art. Most of this based on the comic character “The Green Lantern”.

He advised that he had recently had 4 new collectors interested in joining HVNS.

After checking the HVNS flyers that were put up this winter at local Milford establishments, he advised that all have been taken down. He recommends that the club revisit these establishments on a monthly basis and verify the flyers are still intact.

September is the next Library event.

Chuck also advised that October the club and CONECA will be involved with mini-seminars on the topic of “varieties and mistakes”.

Mike B. – HVNS SHOW UPDATE

November 5th is the date for the fall show. This was changed due to a conflict with the Livingston Coin Club show. He has had several responses from dealers and does not see a problem selling out all the tables. He has collected \$110 so far in table rental deposits.

The April 2011 show netted \$481 for HVNS.
