

Huron Valley Numismatic Society
October 12, 2011

The October meeting of HVNS was called to order by Chairman, Chuck Sharpe, at 7:00 PM at the Highland Adult Activity Center with 17 members present. Our attendance winners were Dave Engle and Guenter Loepertz.

We discussed our upcoming donation to the local libraries. With a donation of \$600, HVNS would earn back a like amount from Central States in a program that encourages coin books to be in local libraries. Our list has been determined with two sources to supply the books. In turn, the library must acknowledge the receipt of the books in writing which we then turn into Central States. These books will have a name plate with our club name and website on it to encourage readers to join our club. We also plan to donate a book to the library in honor of our deceased members.

On March 3, 2012 our club has been invited to do an appraisal night (like the one done in Highland) at the Hartland Library which was so successful. Hartland is also interested in stressing coins during their summer reading program.

Our auction earned \$24.95 for the club, along with \$90 for November Club Table rental, totalling \$114.95 deposit.

The November Show is nearly full; assignments have been designated so all can help. Set up will be Friday. Members who have coins to sell may do so by bringing the coins in to Al Raddi who will man the club table in the back room. Prices must be put on each and payment made either at the end of the show or at the next Club meeting. Also, there will be a drawing for two or three prizes. (Up to \$50) Member may donate additional items to add to the prizes if they so desire. See Al Raddi for details.

Our speaker, Dr. Karl Mark Paul, gave a very interesting and humorous talk on obsolete paper money. He could talk on and on and on **(and did!)** We all thoroughly enjoyed it.

Darlene Sharpe
Secretary/Treasurer
